FAX-2820

Brother

Crisp and Clear Print
with Laser FAX-2820

Brother's Latest Fax Machine
Gives Superb Results

FAX-2820

- ✓ Easy-to-use
- ✓ Enhanced Features
- ✓ Integrated Handset

Tired of smudgy, blurred faxes that are a chore to read? Then its time you move on to the next level of faxing – Laser Fax! Brother's latest laser fax machine – FAX-2820 produces crisp clear printouts like a normal laser printer would. With sharp black and white contrast, and smooth gradation of greyscale, you can send and receive super clear faxes that only laser technology produces.

Laser Fax and More

FAX-2820 is more than just a fax machine. It triples up as a laser copier and phone as well. As a copier, the machine produces resolution of up to 200 x 300dpi, with reduce/enlarge ratio from 50%-200%, in 1% increments. Of course, with the integrated handset, it gives you so much more communication convenience. But that's not all; FAX-2820 can be converted into your very own laser printer! Just download and install the free printer driver on your PC from <http://solutions.brother.com>

Cool Specs

Besides packing a punch with its functionalities, Brother has included many cool specifications in FAX-2820 for advanced uses:

✓ View Easy Control Panel

FAX-2820 is ergonomically designed so that the control panel is displayed to the user at a steep slant. This makes it easy for the user to see and operate the controls, even if the machine is placed on a high shelf, or slotted deep inside a cabinet.

✓ Fast Fax, More Memory

A 14.4K bps G3 fax modem ensures fast fax transmissions. It has a standard 8MB memory that can store up to 400 pages* of incoming and outgoing faxes!

✓ Simple Advanced Dialling

FAX-2820 comes with 20 one-touch dials and up to 200 speed-dial locations. Keeping track of your business partners and family members has never been easier!

✓ No More Page-by-Page Faxing!

FAX-2820 comes with an Automatic Document Feeder that holds up to 20 pages of documents so that you can save time by multi-page faxing or copying.

Save Money, Save the Environment

To help you save on running costs, FAX-2820 also comes with a separate toner cartridge and drum that prints up to 2,500 and 12,000 sheets respectively. Now, you do not have to throw away a usable drum when your toner is exhausted – a saving that any user will appreciate.

Specifications

* ITU-T Test Chart #1, Standard Resolution, MMR

Brother strongly recommends that our customers use Genuine Brother consumable products only. By using genuine Brother consumables, the benefits to you are: Better quality prints, greater yields per consumable, protection of your machine from damages, and ability to achieve optimum performance. Your machine warranty may not cover any damage arising from the use of non-genuine Brother consumables.
